

Become Part of the Bedford High School Parent Volunteer Program

If you would like the opportunity to be part of the BHS Parent Volunteer Program, we would like to add you to our email distribution list. Periodically, we will send out requests for volunteers for various activities that may range from one hour to something longer. This gives you the ability to participate in activities that suit your schedule and interests. Examples from last year include bundling and distributing books to students, baking (or buying) for PTG sponsored events, helping at the ski and skate sale, assisting at the Senior Project Presentations, and chaperoning at the Geometry field trip. We will also be looking for volunteers for the fundraisers including Barnes and Noble Days and Manchester Monarchs events.

Please send your name, telephone number, and email address to cdwatson1@yahoo.com and I will add you to the distribution list for PTG events & volunteer opportunities. If you have any special interests or skills, feel free to include them. If you have any questions, please do not hesitate to contact me at the above email address.

Volunteers make the difference between a good school and a great school!

Thank you and have a great day!

*Donna Watson
Bedford High School Volunteer Coordinator*
